August 2001

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 669

An Act to Clarify the Use of the Municipal Investment Trust Fund

PUBLIC 90

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MICHAUD MH COWGER	OTP-AM	S-52

LD 669 proposed to clarify the definition of public service infrastructure to include streetscape improvements that are critical to the "livability" of communities and the hardware necessary to support the development and operation of geographic information systems. The bill also further clarified that the highest priority for public service infrastructure grants and loans are service center communities and proposed priorities for preferences for grant awards from the Municipal Investment Trust Fund.

Committee Amendment "A" (S-52) proposed to amend the bill by requiring that rules adopted in establishing a methodology to identify a service center community are major substantive rules pursuant to the Maine Revised Statutes, Title 5, chapter 375, subchapter II-A. It also proposed to repeal a current definition of service center in Title 30-A, section 4349-A. The amendment also proposed to amend Title 30-A, section 5953-D to add a municipality that has been designated a service center community to the list of municipalities eligible to receive a loan from the Municipal Investment Trust Fund.

Enacted law summary

Public Law 2001, chapter 90 repeals the current definition of a service center in Title 30-A, section 4349-A of the Maine Revised Statutes and requires that the State Planning Office develop a definition of "service center community" using a methodology established by major substantive rule that includes 4 basic criteria. The law also clarifies that public service infrastructure includes streetscape improvements that are critical to the "livability" of communities and the hardware necessary to support the development and operation of geographic information systems. It also clarifies that the highest priority for use of trust funds is service centers and prioritizes preferences for grant awards from the Municipal Investment Trust Fund. The law also amends Title 30-A, section 5953-D to add to the list of municipalities eligible to receive a loan from the Municipal Investment Trust Fund a municipality that has been designated a service center community.
