First Regular Session

Summary Of Legislation Before The Joint Standing Committees
August 2001

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

Joint Standing Committee on Business and Economic Development

Committee Amendment "A" (S-346) was the report of the Committee of Conference on L.D. 758 and was adopted. It proposed to strike and replaces the original bill. The amendment also proposed to amend the current law that requires the Commissioner of Education to adopt rules for administration of medication in schools, including the training of unlicensed personnel who administer medication. The amendment would require the commissioner to describe how the department will provide training directly to such personnel at the local level. It also proposed to amend current law to make the rules developed for the administration of medication in schools major substantive rules. Finally, it proposed to require the commissioner to submit the provisionally adopted rules to the Joint Standing Committee on Business and Economic Development no later than February 28, 2002.

House Amendment "A" (H-541) proposed to clarify that an unlicensed person may administer medication if that person receives training and certification from the Department of Education. This amendment proposed to remove language from the bill that was erroneously left intact by Committee Amendment "A" regarding the administration of medication to prisoners, thus making the bill applicable only to the administration of medication in schools. This amendment was not adopted.

Enacted law summary

Public Law 2001, chapter 451 amends the current law that requires the Commissioner of Education to adopt rules for administration of medication in schools, including the training of unlicensed personnel who administer medication. The law requires the commissioner to describe how the department will provide training directly to such personnel at the local level. It also amends current law to make the rules developed for the administration of medication in schools major substantive rules. Finally, the law requires the commissioner to submit the provisionally adopted rules to the Joint Standing Committee on Business and Economic Development by February 28, 2002.
