Summary Of Legislation Before The Joint Standing Committees
August 2001

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Enacted law summary

Public Law 2001, chapter 216 raises the amount of the Ground Water Oil Clean-up fund balance of which surcharge fees can be charged from \$3,000,000 to \$5,000,000. The fees terminate when the fund balance reaches \$7,000,000, rather than \$5,000,000. The law also clarifies that the amount of the standard deductibles applicable under the Ground Water Oil Clean-up Fund are based on the number of underground storage facilities or the capacity of gallons owned by the aboveground oil storage facility owner at the time a discharge is discovered and
