**120th Legislature  
First Regular Session**

**Summary Of Legislation Before The Joint Standing Committees  
August 2001**

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet ([www.state.me.us/legis/opla](http://www.state.me.us/legis/opla)).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

*CARRIED OVER*..... *Bill Carried Over to Second Regular Session*  
*CON RES XXX*..... *Chapter # of Constitutional Resolution passed by both Houses*  
*CONF CMTE UNABLE TO AGREE*..... *Committee of Conference unable to agree; bill died*

# Joint Standing Committee on Utilities and Energy

## *Enacted law summary*

Private and Special Law 2001, chapter 13 modernizes the charter of the Corinna Water District using the Standard Water District Enabling Act. The amendment preserves certain provisions of the existing charter:

1. The authority of the district to take water from any source in the Town of Corinna;
2. The district's authorization to incur debt up to \$1,000,000, though the district is also granted the authority of a standard water district to increase this debt limit through the use of a referendum process; and
3. Exemption from review by the Public Utilities Commission of the district's management and allocation of funds received from the Department of Environmental Protection, except on request by the department.

This law was enacted as an emergency measure effective on May 8, 2001.

**LD 910**

## **An Act Concerning Private Line Extensions**

**PUBLIC 201**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
KILKELLY	OTP-AM MAJ	S-115
TRAHAN	ONTP MIN	

LD 910 proposed to establish standards for transmission and distribution utilities that charge customers for single-phase overhead line extensions. The standards would provide for amortization of the costs for up to 5 years and apportionment of costs among multiple users of the line. The bill also proposed to require the Public Utilities Commission to adopt rules establishing standards for the payment of the costs associated with single-phase overhead line extensions provided by a transmission and distribution utility to a customer. These rules would be major substantive rules and would be required to be submitted for legislative review by January 1, 2002.

**Committee Amendment "A" (S-115)** is the majority report of the Joint Standing Committee on Utilities and Energy. The amendment proposed to replace the bill and alter the title to more accurately reflect the content of the bill as amended. This amendment proposed to direct the Public Utilities Commission to adopt rules governing line extensions. The rules must establish standards for construction of private line extensions, terms and conditions for the transference of private lines to transmission and distribution utilities and requirements for apportioning among users the costs of single-phase overhead line extensions. The commission would also be directed to examine issues related to establishing minimum qualifications for persons who construct private line extensions.

## *Enacted law summary*

Public Law 2001, chapter 201 directs the Public Utilities Commission to adopt rules governing line extensions. The rules must establish standards for construction of private line extensions, terms and conditions for the transference of private lines to transmission and distribution utilities and requirements for apportioning among users the costs of single-phase overhead line extensions. The commission is also directed to examine issues related to establishing minimum qualifications for persons who construct private line extensions.
