Summary Of Legislation Before The Joint Standing Committees
August 2001

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 1031 proposed to create a fund in the Department of Environmental Protection to clean up unlicensed solid waste disposal sites considered "orphaned" by the Commissioner of Environmental Protection either because the party or parties responsible for the site did not have sufficient financial resources to properly abate, mitigate or clean up the site or because the responsible party or parties could not be determined. The Orphaned Solid Waste Disposal Site Clean-up Fund would have been funded by an increase of \$3 per ton in the municipal solid waste disposal surcharge fee.
