August 2001

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. PUBLIC 327

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
LEMONT LEMOINE	OTP-AM	S-125

LD 1010 proposed to make changes to the laws regarding the sea urchin fishery. It proposed to allow Sea Urchin Zone Council members to be reimbursed for expenses only. It required the Commissioner of Marine Resources to suspend the sea urchin fishing license for one year from the date of a license holder's conviction for fishing in a closed area. It established a rebuttable presumption that anyone diving from a boat with sea urchins aboard is diving for sea urchins. It required the Commissioner of Marine Resources to establish by rule open days for sea urchin harvesting for Zone 1 and Zone 2 after consultation with the Sea Urchin Zone Council. The bill also proposed to make it unlawful for a person to harvest sea urchins on a day not designated as an open day. It required the Commissioner of Marine Resources to adopt rules to establish conservation areas for the purpose of sea urchin research and made fishing for sea urchins in those areas a violation. It proposed to strike the provision that would repeal Title 12, chapter 623, subchapter II-C, article 3, and made conforming changes in contemplation of the law continuing past 2001. It reduced the surcharge for a sea urchin processor's permit from \$2500 to \$1000. It authorized use of the Sea Urchin Research Fund for reimbursement for travel expenses for Sea Urchin Zone Council members.

Committee Amendment "A" (S-125) proposed to incorporate the provisions of L.D. 1682 into the bill. It changed the licensing provisions for sea urchin dragging. Beginning in January 2002, it proposed to license individuals rather than licensing the activities of a boat. Also beginning in January 2002, the amendment proposed
