**120th Legislature**  
**First Regular Session**

**Summary Of Legislation Before The Joint Standing Committees**  
**August 2001**

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet ([www.state.me.us/legis/opla](http://www.state.me.us/legis/opla)).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

*CARRIED OVER*..... *Bill Carried Over to Second Regular Session*  
*CON RES XXX*..... *Chapter # of Constitutional Resolution passed by both Houses*  
*CONF CMTE UNABLE TO AGREE*..... *Committee of Conference unable to agree; bill died*

LD 1059 proposed to:

1. Void the Public Utilities Commission order of November 10, 1999 in Docket Number 99-042 and reinstate Central Maine Power Company's terms and conditions relating to single-phase overhead line extensions in effect prior to the order;
2. Require Central Maine Power Company to connect to a single-phase overhead line constructed by or at the expense of a customer if that line meets all relevant safety and electrical standards for connection to the system. It also proposed to require Central Maine Power Company, if it acquires ownership of such line, to pay the customer at whose expense the line was constructed full and fair compensation for the costs of construction and all reasonable repair and maintenance costs paid for by the customer prior to acquisition by Central Maine Power Company;
3. Require the commission to open a proceeding to establish a mechanism under which Central Maine Power Company would reimburse customers who were charged for line extensions pursuant to the revised terms and conditions approved by the commission in its order of November 10, 1999 in Docket Number 99-042. It also proposed to require the commission to determine how the costs of reimbursement and of future line extensions and of reimbursing customers for the costs of line extensions paid for by customers are to be recovered through rates.

## Joint Standing Committee on Utilities and Energy

LD 1121 proposed to grant the Public Utilities Commission the authority to exempt a telephone utility or a group of telephone utilities from any provision of the Maine Revised Statutes, Title 35-A if the commission finds that granting the exemption will adequately maintain standards of safety, customer protection and the public interest. The commission would be required to adopt standards and procedures for granting exemptions by rule and to inform the joint standing committee of the Legislature having jurisdiction over utility matters of its activities.

**Committee Amendment "A" (H-165)** proposed to replace the bill and accomplish the following:

1. To leave in place provisions of law that authorize the Public Utilities Commission to grant exemptions to telephone utilities from the Maine Revised Statutes, Title 35-A, sections 307 and 310 and chapters 9 and 11 but modify the provisions to make clear that the commission, before granting exemptions, must find that granting the exemptions will not have a negative impact on competition;
2. To provide additional authority to the Public Utilities Commission to grant exemptions from Title 35-A, sections 304 and 504, provided similar findings are made; and
3. To require the commission to report annually to the Joint Standing Committee on Utilities and Energy on its activities in granting exemptions to telephone utilities from provisions of law.

### *Enacted law summary*

Public Law 2001, chapter 137 accomplishes the following:

1. It leaves in place provisions of law that authorize the Public Utilities Commission to grant exemptions to telephone utilities from the Maine Revised Statutes, Title 35-A, sections 307 and 310 and chapters 9 and 11 but modifies the provisions to make clear that the commission, before granting exemptions, must find that granting the exemptions will not have a negative impact on competition;
2. It provides additional authority to the Public Utilities Commission to grant exemptions from Title 35-A, sections 304 and 504, provided similar findings are made; and
3. It requires the commission to report annually to the Joint Standing Committee on Utilities and Energy on its activities in granting exemptions to telephone utilities from provisions of law; and

Committee Report

Amendments Adopted

LD 1139 proposes to require transmission and distribution utilities to purchase power from hydroelectric energy facilities with a capacity of less than 5 megawatts at the average wholesale market clearing price for the period during which the electricity is metered.
