Summary Of Legislation Before The Joint Standing Committees
August 2001

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Joint Standing Committee on Inland Fisheries and Wildlife

Committee Amendment "A" (H-292) proposed to exempt trappers who use drowning sets placed in navigable rivers or streams or on state-owned land and right of ways from the requirement of first obtaining written permission from the landowner or occupant.

House Amendment "A" to Committee Amendment "A" (H-426) proposed to correct cross-references and a clerical error.

Enacted law summary

Public Law 2001, chapter 307 requires animal control officers to possess a trapping license prior to setting traps for wild animals and clarifies that it is legal to use snares for animal damage control purposes. It also removes pivot and swivel guns from the list of prohibited implements. This public law amends the list of exceptions to the trapping laws and exempts trappers who use drowning sets placed in navigable rivers or streams or on state-owned land and right of ways from the requirement of first obtaining written permission from the landowner or occupant but clarifies that the law does not authorize a person to trap on property that is owned by another person. This public law also adds "trapping license" to the list of complimentary licenses for which disabled veterans are eligible.
