Summary Of Legislation Before The Joint Standing Committees
August 2001

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 1371 proposed establishing the Maine Dairy Industry Fund under the auspices of the Maine Milk Commission, within the Department of Agriculture, Food and Rural Resources to be distributed, according to allocations made by the Legislature, to a statewide association representing dairy farmers. It proposed a fee of 1¢ per hundredweight paid by Maine milk producers to dealers as part of the dealer's monthly reports as a means of funding.

Committee Amendment "A" (H-39) proposed clarifying that a dealer would deduct the 1¢ per hundredweight for deposit into the Dairy Industry Fund from the amount paid to a Maine milk producer.
