**Summary Of Legislation Before The Joint Standing Committees
August 2001**

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LEMOINE	ONTP	

LD 1398 proposed to establish a tax on the installation of new subsurface wastewater disposal systems in locations that were not included within a growth area designated by a municipality as part of a comprehensive planning process. The tax was equal to \$750 per toilet installed in residential facilities and \$1,000 per toilet installed in other facilities. The tax would be paid to the municipal plumbing inspector before a permit could be issued. The municipality retained 10% of the revenue to cover its collection costs. The remaining 90% of revenue was sent to the State and the net amount deposited 1/2 in the Municipal Investment Trust Fund to assist municipalities with public infrastructure improvements and downtown development and 1/2 in the Housing Opportunities for Maine Fund to support affordable housing.
