Summary Of Legislation Before The Joint Standing Committees
August 2001

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

MATTHEWS	OTP-AM MAJ ONTP MIN	H-567

LD 1394 proposed to prohibit health care providers and practitioners from spending state funds or state-administered funds to influence union organizing efforts of their employees.

Committee Amendment "A" (H-567) proposed to replace the bill. It proposed to expand current law prohibiting health care institutions from using Medicaid or Medicare funds to influence unionization to include use of any type of state funds or state-administered funds. It proposed to require the Department of Human Services to make an initial decision regarding the expenditure and to allow submission of the department's decision to an arbitrator before the decision is appealed to court. It proposed to enact a presumption that disallowed expenditures were made if an institution requires attendance at a meeting regarding unionization during the work time of employees whose salaries are paid in whole or in part by state funds. The amount of the disallowed expenditure for the meeting would be a proportion of the cost that is the same as the proportion of state funds to all revenue for the institution.
