120th Legislature
First Regular Session

Summary Of Legislation Before The Joint Standing Committees
August 2001

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

LD 1409

An Act to Address the Health Effects of Mercury Fillings

PUBLIC 385

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MICHAUD MH	OTP-AM MAJ	S-278
STANLEY	OTP-AM MIN	

LD 1409 proposed, as a concept draft, to amend the law to address the health effects of mercury fillings.

Committee Amendment "A" (S-278), the majority report of the Joint Standing Committee on Natural Resources, proposed to require the Director of the Bureau of Health within the Department of Human Services to develop and adopt, through major substantive rulemaking, a brochure that explains the potential advantages and disadvantages of mercury amalgam and alternative materials used in dental procedures and a poster informing patients of the availability of the brochure. The amendment also proposed that a dentist who uses mercury amalgam in dental procedures be required, after July 1, 2002, to display the poster in the public waiting area of that dentist's office and to provide each patient with a copy of the brochure. The amended proposed that the brochure and the poster be developed in consultation with the Department of Environmental Protection.

Committee Amendment "B" (S-279), the minority report of the Joint Standing Committee on Natural Resources, proposed to prohibit dentists from knowingly using mercury or a mercury amalgam in any dental procedure involving a person 8 years of age or younger or a woman who is pregnant.

Enacted law summary

Public Law 2001, chapter 385 requires the Director of the Bureau of Health within the Department of Human Services to develop and adopt, through major substantive rulemaking, a brochure that explains the potential advantages and disadvantages of mercury amalgam and alternative materials used in dental procedures and a poster informing patients of the availability of the brochure. A dentist who uses mercury amalgam in dental procedures is required, after July 1, 2002, to display the poster in the public waiting area of that dentist's office and to provide each patient with a copy of the brochure. The brochure and the poster are required to be developed in consultation with the Department of Environmental Protection.
