**120th Legislature**  
**Second Regular Session**

**Summary Of Legislation Before The Joint Standing Committees**  
**May 2002**

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet ([www.state.me.us/legis/opla](http://www.state.me.us/legis/opla)).

**An Act to Amend Maine's Growth Management Law and Related Laws**

**ONTP**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
LEMOINE DOUGLASS	ONTP	

LD 1478, which was carried over from the First Regular Session, proposed to amend the growth management law and laws relating to growth management.

**LD 1488**

**An Act to Require Major Water Users to Provide Public Information About Their Annual Water Withdrawals from Public Water Resources**

**PUBLIC 619**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
COWGER TREAT	OTP-AM	H-936

LD 1488, which was carried over from the First Regular Session, proposed to establish a system for obtaining information concerning the withdrawal of water from water sources in the State and providing this information to the public. It requires each person who makes a withdrawal of water from a water source in excess of either 20,000 gallons a month or 10,000 gallons in any one day to file a water withdrawal report with the Department of Environmental Protection.

**Committee Amendment "A" (H-936)** proposed to replace the bill. It also proposed to require annual water use reporting, beginning on December 1, 2003, by water users who use more than a specified threshold amount of water. A number of users are exempted from the reporting requirements, including dams and other nonconsumptive users, household users, public water systems, users who report water use under another state permit or licensing requirement, commercial or industrial storage ponds, off-stream and in-stream storage ponds and any water withdrawals made for fire suppression or other public emergency purposes. Users will report to either the Department of Agriculture, Food and Rural Resources, the Department of Conservation, the Department of Human Services or the Department of Environmental Protection, depending on the user's type of activity. The Commissioners of those departments are required to publish a list by January 1, 2003 indicating which users are required to report to which agency. Each commissioner may prescribe the form and manner of reporting, and reporting water use in ranges, rather than in specific gallons, is allowed. The amendment specifies that individual water use reports are confidential documents and are not public records under the State's freedom of access laws.

The Department of Environmental Protection is charged with reporting annually on the water use reporting requirement to the joint standing committee of the Legislature having jurisdiction over natural resources matters. That department's report must summarize usage on a regional basis and in a manner that does not disclose the identity of any individual user. In preparing its annual reports, the department is required to encourage and assist in establishing regional task forces with cooperating agencies to assess regional water use issues and options for addressing those issues and to solicit input on all aspects of the water use reporting programs from the Commissioner of Agriculture, Food and Rural Resources, the Commissioner of Conservation and the
