**Summary Of Legislation Before The Joint Standing Committees
August 2001**

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

until the person completed at least 2/3 of the suspension period and an alcohol and drug program. The restrictions would include that the license could be used only to travel between home and employment or a treatment program for a minimum of 18 months, the period of time of the suspension period for second OUI offenses, from the original suspension date. This bill would have also allowed the Secretary of State to impose any other restrictions that would be advisable for the safety of the public or welfare of the operator.

Committee Amendment "A" (H-409), the committee majority report, replaced the bill and would have given the Secretary of State discretion to issue a restricted license to a multiple OUI offender. The restricted license would not be available until 2/3 of the suspension period has expired and the Secretary of State has received notice that the person has committed no motor vehicle offenses since the imposition of the suspension; has completed the alcohol and drug program as defined in the Maine Revised Statutes, Title 29-A, section 2401, subsection 1; has executed an affidavit attesting to at least 3 concurrent years of abstinence from intoxicants; and has completed at least 2 years of volunteer work in substance abuse at a county jail, a hospital or other institution.

The amendment would have also provided that restrictions on the license should include that the license could be used only to travel to and from a treatment program or to employment for the remaining term of the original suspension. The Secretary of State could also consider any other conditions or restrictions advisable for the safety of the public or welfare of the operator.

LD 1480

An Act to Promote Driver Responsibility

MCLAUGHLIN	ONTP MAJ	
O'GARA	OTP-AM MIN	

LD 1480 proposed to clarify that endangerment of bicyclists and pedestrians is included in the definition of driving to endanger. In addition to other penalties, if the person endangered is a bicyclist or a pedestrian, then the court would suspend the driver's license for 60 days, none of which could be suspended, and impose a fine of not less than \$250, which fine could not be suspended. As proposed, the court would also require that the driver attend and successfully complete a defensive driving course.

Committee Amendment "A" (H-356), the committee minority report, proposed to widen the scope of driving to endanger to include riding a bicycle to endanger. It also proposed to require courts to consider the fact that a person endangered is a bicyclist or pedestrian as an aggravating factor in imposing a sentence.
