120th Legislature
First Regular Session

Summary Of Legislation Before The Joint Standing Committees
August 2001

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

LD 1478 **An Act to Amend Maine's Growth Management Law and Related Laws** **CARRIED OVER**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
LEMOINE DOUGLASS		

LD 1478 proposes to amend the growth management law and laws relating to growth management.

LD 1478 was carried over to the Second Regular Session.

LD 1488 **An Act to Require Major Water Users to Provide Public Information About Their Annual Water Withdrawals from Public Water Resources** **CARRIED OVER**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
COWGER TREAT		

LD 1488 proposes to establish a system for obtaining information concerning the withdrawal of water from water sources in the State and providing this information to the public. The bill proposes to require each person who makes a withdrawal of water from a water source in excess of either 20,000 gallons a month or 10,000 gallons in any one day to file a water withdrawal report with the Department of Environmental Protection.

LD 1543 **An Act to Reduce the Release of Dioxin from Consumer Products into the Environment** **PUBLIC 277**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
TREAT COWGER	OTP-AM	S-178

LD 1543 proposed to restrict the disposal of dioxin-forming products to avoid burning or incineration that results in the release of dioxin into the environment, to establish an education and outreach program to reduce the improper management of dioxin-forming products and to encourage the State to purchase alternatives to dioxin-forming products when practicable.

Committee Amendment "A" (S-178) proposed to replace the bill and clarify that the out-of-door burning of highly combustible trash is prohibited when municipal trash service is provided, not just in those towns having curbside trash collection services. The amendment also proposed to ban the out-of-door burning of construction and demolition debris containing plastics, rubber, styrofoam, metals, food wastes or chemicals and adds a state goal to reduce the release of dioxin and mercury to the environment. The amendment also includes the outlines of a dioxin-

related education program included in the bill, but clarifies that it is to be a one-time program that must be implemented within existing budgeted resources of the Department of Environmental Protection.

Enacted law summary

Public Law 2001, chapter 277 clarifies that the out-of-door burning of highly combustible trash is prohibited when municipal trash service is provided, not just in those towns having curbside trash collection services. This law also bans the out-of-door burning of construction and demolition debris containing plastics, rubber, styrofoam, metals, food wastes or chemicals and adds a state goal to reduce the release of dioxin and mercury to the environment. This law also authorizes a one-time dioxin-related education program that must be implemented within existing budgeted resources of the Department of Environmental Protection.

LD 1546 **An Act to Establish the Waste Motor Oil Disposal Site Remediation Program** **ONTP**

<u>Sponsor(s)</u> MILLS		<u>Committee Report</u> ONTP		<u>Amendments Adopted</u>
----------------------------	--	---------------------------------	--	---------------------------

LD 1546 proposed to provide a financial mechanism for assisting with the cleanup of waste oil disposal sites located in Plymouth, Ellsworth and Casco, Maine. The bill authorized the Finance Authority of Maine to issue revenue obligation securities in amounts up to \$65,000,000 to fund those clean-up costs. The revenue obligation securities would be retired with funds derived from a 20¢ per quart premium on every quart of motor oil sold in the State at wholesale.

The State and instrumentalities of the State, including the Department of Transportation, the Department of Public Safety and counties and municipalities, were eligible to participate in the waste motor oil disposal site remediation program. The revenue obligation securities would have also covered the shares of those businesses that maintained or repaired motor vehicles between 1953 and 1981 or their successors in interest and that had waste motor oil deposited at one or more of the 3 sites. Any business that operated a fleet of 25 or more vehicles for which it performed its own maintenance and repairs and that contributed waste motor oil to one or more of the 3 sites would have been eligible for participation in the program. The United States Government and its instrumentalities would not have been eligible to participate in the program.

The 16-member Waste Motor Oil Revenue Board would have been created to oversee the process and make determinations as to eligibility for participation in the program.

LD 1559 **An Act to Amend the Zoning Laws Regarding Dimensional Variances** **ONTP**

<u>Sponsor(s)</u> MUSE C		<u>Committee Report</u> ONTP		<u>Amendments Adopted</u>
-----------------------------	--	---------------------------------	--	---------------------------

LD 1559 proposed to clarify that a dimensional variance under the "practical difficulty" standard was available for area variances in situations where the use pursued is permitted in the zoning district. The "practical difficulty"
