120th Legislature
Second Regular Session

Summary Of Legislation Before The Joint Standing Committees
May 2002

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

CON RES XXX.....	Chapter # of Constitutional Resolution passed by both Houses
CONF CMTE UNABLE TO AGREE.....	Committee of Conference unable to agree; bill died
DIED BETWEEN BODIES.....	House & Senate disagree; bill died

Joint Standing Committee on Taxation

revenues would be distributed to municipalities based upon the proportion of sales and use tax revenue attributable to the municipality.

This bill was carried over from the First Regular Session. It was the vehicle for proposals to authorize a local option sales tax.

LD 909 **An Act to Improve the Circuit Breaker Program Application Process** **ONTP**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
GAGNON GREEN	ONTP	

LD 909 was a concept draft pursuant to Joint Rule 208 that proposed to simplify the application process for the Maine Residents Property Tax Program, commonly referred to as the "circuit breaker program." This bill was carried over from the First Regular Session.

LD 1570 **An Act to Update the Property Tax Exemption for Pollution Control Facilities to Promote Clean Production Through Pollution Prevention and Toxics Use Reduction** **INDEF PP**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
COWGER GAGNON	OTP-AM	H-1029

LD 1570 proposed to establish a property tax exemption for certain clean production systems and eliminate the sales tax exemption for water and air pollution control facilities. It also proposed to establish the Task Force to Study Clean Production Tax Exemptions.

Committee Amendment "A" (H-1029) proposed to replace the bill and to provide an income tax credit to taxpayers that invest in clean technologies or make changes in processes that substantially reduce or eliminate pollution otherwise allowed to be released to the environment. The income tax credit was intended to provide an incentive for taxpayers to voluntarily commit to permanent pollutant reductions and eliminations beyond those required to comply with regulatory requirements. The amendment also proposed to require the State to reimburse municipalities for 50% of the property tax loss attributable to property that first qualifies for a property tax exemption as a pollution control facility after April 1, 2002 if the facility also has a quantifiable function other than pollution control. Reimbursement would be limited to the 12 years following the year in which the facility first becomes exempt.

This bill was indefinitely postponed when removed from the Special Appropriations Table.
