Summary Of Legislation Before The Joint Standing Committees
August 2001

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

TRAHAN	ONTP MAJ	
KILKELLY	OTP-AM MIN	

LD 1625 proposed to establish the Task Force to Examine Health Care Delivery Systems within the State. The task force would be required to submit a report and any necessary implementing legislation to the Second Regular Session of the 120th Legislature and the chairs of the task force would be required to report the findings of the task force to a joint session of the 120th Legislature no later than January 15, 2002.

Committee Amendment "A" (H-519), the minority report of the committee, proposed to reduce the duties of the Task Force to Examine Health Care Delivery Systems within the State to an examination of duplication and waste and reduction of paperwork. The amendment also proposed to add an appropriation section and a fiscal note to the resolve.

LD 1641

Resolve, to Require Increased Reimbursement for Hospice Care Under the Medicaid Program

INDEF PP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
COLWELL	OTP-AM	H-590
MICHAUD MH		

LD 1641 proposed to direct the Department of Human Services to adopt routine technical rules to amend its state plan to provide Medicaid reimbursement for hospice care based on the actual cost of providing the care, which the department would calculate annually by using cost report data to determine the average per diem rate.

This resolve also proposed to require the Department of Human Services to conduct an annual cost benefit analysis of these rule changes and report the results of the analysis to the joint standing committee of the Legislature having jurisdiction over health and human services matters.

Committee Amendment "A" (H-590) proposed to amend the resolve by requiring the Medicaid reimbursement rate for routine home care under the hospice program be set at the Medicare rate plus 23% beginning October 1, 2001. The amendment also proposed to add an appropriation, an allocation and a fiscal note.
