Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. **PUBLIC 186
EMERGENCY**

<u>Sponsor(s)</u> LEMONT LEMOINE	<u>Committee Report</u> OTP-AM	<u>Amendments Adopted</u> S-128
--	-----------------------------------	------------------------------------

LD 1649 proposed to establish a new license that allowed an individual to fish for green crabs. Currently, only individuals who possess a lobster and crab fishing license may legally fish for crabs. This bill would have prohibited fishing for green crabs except with gear approved by the Commissioner of Marine Resources. This bill also proposed to establish a dedicated fund into which revenues from the sale of green crab fishing licenses would be deposited.

Committee Amendment "A" (S-128) added an emergency preamble and emergency clause with an effective date of July 1, 2001. It also added a fiscal note to the bill.

Enacted law summary

Public Law 2001, chapter 186 establishes a new license that allows an individual to fish for green crabs. It prohibits fishing for green crabs except with gear approved by the Commissioner of Marine Resources and it establishes a dedicated fund into which revenues from the sale of green crab fishing licenses will be deposited. Chapter 186 was enacted as an emergency measure effective July 1, 2001.

LD 1653 proposed to make several technical changes to the marine resources laws.

1. It clarified that the term "coastal waters" means marine waters out to the seaward extent of the exclusive economic zone and provided that the term "territorial waters" means marine waters only out to the 3-nautical-mile line described on United States Government nautical charts.
2. It corrected the descriptions of limitations on lobster fishing areas in the Kittery, Pemaquid and Hancock County areas.
