120th Legislature
First Regular Session

Summary Of Legislation Before The Joint Standing Committees
August 2001

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

Joint Standing Committee on Business and Economic Development

4. To prohibit a mandatory oral health certification as a precondition for a denturist to treat a patient, and clarify that the subcommittee, not the board, would adopt rules to regulate the practice of denturism;
5. To clarify that the a education requirement may be met by successful completion of a course certified by the American Denturist Association or the Denturist Association of Canada; and
6. To provide that denturist who is a licensed dental radiographer may expose, develop and interpret X rays without supervision of a dentist.

Committee Amendment "A" (S-204) proposed to strike and replace the original bill. The amendment also proposed to authorize denturists to become shareholders in dental practices providing that at no time could denturists have an equal or greater ownership interest in a dental practice than the dentists have in that practice. Finally, the amendment proposed to eliminate the requirement that denturists obtain oral health certification from a dentist prior to practicing denturism on a person.

Enacted law summary

Public Law 2001, chapter 337 makes two changes in the laws governing the practice of denturism. Specifically, the law authorizes denturists to become shareholders in dental practices providing that at no time a denturist or denturists in sum have an equal or greater ownership interest in a dental practice than the dentist or dentists have in that practice. The law also eliminates the requirement that denturists obtain oral health certification from a dentist prior to practicing denturism on a person.

LD 1655

An Act to Regulate Unused Property Markets

ONTP

Committee Report
ONTP

Amendments Adopted

LD 1655 proposed to prohibit unused property merchants from selling unused baby food, infant formula, nonprescription drugs and medical devices at unused property markets unless the unused property merchant possesses written authorization to do so from the manufacturer or distributor of the item being sold. The bill also proposed to require unused property merchants to collect and maintain detailed purchase receipts for a minimum of 2 years. The bill would not have applied to the sale of motor vehicles or trailers that are required to be registered or are subject to the certification of title laws of the State, wood for fuel, ice, livestock, business conducted in any industry or association trade show, property not manufactured within recent times, anyone who sells by sample catalogs or brochures for future delivery, and the sale of arts, crafts or other merchandise produced by a person who produces such arts, crafts or merchandise or a person acting on their behalf. Under the proposed bill, an unused property merchant's first violation of the Maine Revised Statutes, Title 32, chapter 112 would have been a Class E crime, the 2nd violation would have been a Class D crime and all subsequent violations would have been Class C crimes.
