Summary Of Legislation Before The Joint Standing Committees May 2002

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

NUTTING J	ONTP	
MCKEE		

LD 1534 proposed excluding certain businesses from participating in the Business Equipment Tax Reimbursement (BETR) program. A storeowner would have been ineligible for reimbursement under BETR if the store grossed over \$200,000 per month in which at least 75% of the sales were grocery staples unless the business purchased produce from at least 75 farms in the State each year. The store would also have been ineligible for tax reimbursement if the store owner charged Maine farms a fee to carry the farm's product.

LD 1771

Resolve, to Establish the Maine Cattle Health Assurance Program

ONTP

Sponsor(s)	Committee Report	Amendments Adopted
KILKELLY	ONTP	

LD 1771 proposed requiring the Department of Agriculture, Food and Rural Resources to develop and implement the Maine Cattle Health Assurance Program. The bill specified certain components of the program including the development of best management practices to promote dairy and beef farm profitability, animal health and food product safety and environmental quality; an on-site assessment; and an annual inspection and certification for participants in the program. The bill also proposed establishing a nonlapsing fund to receive public and private funding for the program. It would have required the department to enter into a memorandum of understanding with the Regional Dairy Quality Management Alliance for the purpose of obtaining expertise from other states in New England and the mid-Atlantic region.
