120th Legislature
First Regular Session

Summary Of Legislation Before The Joint Standing Committees
August 2001

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

Amendments Adopted

LD 1785 proposed to allow the Commissioner of Inland Fisheries and Wildlife to authorize special exceptions for individuals with a permanent physical disability that allow those persons to lawfully hunt, trap or fish at times or in a manner that would otherwise be prohibited by laws or rules administered by the Department of Inland Fisheries and Wildlife. The bill proposed to require the commissioner to authorize only the minimum special exceptions necessary to overcome the applicant's disability and to prohibit the commissioner from granting exceptions to allow persons to exceed bag or size limits; to fish for or take a fish or wildlife species for which a license is not otherwise issued; to fish, trap or hunt more than 7 days before or after the regular open season for a particular species or to fish, trap or hunt in any area permanently closed to those activities.

The bill proposed to provide criteria that the commissioner and applicants must follow in granting any special exceptions pursuant to this bill.
