Joint Standing Committee on Natural Resources

LD 2061 proposed to implement a recommendation of the Joint Study Committee to Study Growth Management. It proposed to direct the Land and Water Resources Council to set up a pilot project program to provide incentives for towns to work together on development issues by giving them the opportunity to share costs and benefits of development. Under the bill, towns that were certified by the council as meeting the requirements of the pilot project program would have been eligible to receive priority in state transportation funding, growth management funding, Municipal Investment Trust Fund grants and community development block grants.

Committee Amendment "A" (H-944) changed the title of the bill. It proposed to amend the priorities for preferences for loans and grants from the Municipal Investment Trust Fund. It added to the highest priority for these funds projects undertaken by 2 or more municipalities.

Enacted law summary

Public Law 2001, chapter 621 amends the priorities for preferences for loans and grants from the Municipal Investment Trust Fund. It adds to the highest priority for these funds projects undertaken by 2 or more municipalities.

LD 2062

An Act to Clarify the Use of Municipal Rate of Growth Ordinances

Committee Report
OTP-AM

Amendments Adopted
H-918

LD 2062 was a recommendation of the Joint Study Committee to Study Growth Management. It proposed to outline the parameters within which a municipality may adopt a rate of growth ordinance. Under the proposed bill, temporary rate of growth ordinances may be enacted only to slow development while a community works toward solving the problems necessitating the rate of growth ordinance. A permanent rate of growth ordinance may be enacted inside a designated growth area only if the ordinance requires that the number of permits issued annually under the rate of growth ordinance be determined according to a formula specified in rules adopted by the State Planning Office. A permanent rate of growth ordinance may be enacted inside a designated rural area only if the ordinance is recommended in the municipality's comprehensive plan as a mechanism for guiding growth and the comprehensive plan lays out policies and strategies for accommodating most of the community's future growth in designated growth areas.

Committee Amendment "A" (H-918) replaced the bill. It proposed to require any municipality that enacts a rate of growth ordinance to review that ordinance at least every 3 years.

Enacted law summary

Public Law 2001, chapter 591 requires any municipality that enacts a rate of growth ordinance to review that ordinance at least every 3 years.
