Second Regular Session

Summary Of Legislation Before The Joint Standing Committees
May 2002

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 2069 is the recommendation of the Commission to Study the Implementation of a Unified Emergency Response for Emergency Releases and Spills of Toxic or Hazardous Materials. It proposed to require that a person required to submit a Maine chemical inventory reporting form that includes information regarding a description of the manner in which chemicals are shipped to a facility must also include standard and alternate transportation routes taken through Maine.

Committee Amendment "A" (H-836) proposed to add provisions to the bill stating that records held by the State Emergency Response Commission regarding standard and alternate transportation routes are confidential and therefore exempt from the public disclosure provisions of the freedom of access laws under the Maine Revised Statutes, Title 1, chapter 13, subchapter I. The amendment proposed to allow the State Emergency Response Commission to provide those records to state, county or local emergency management agencies or officials, but requires those agencies or officials to hold those records as confidential.
