May 2002

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Joint Standing Committee on Utilities and Energy

1. Add a definition of "commercial e-mail" limiting it to email that primarily advertises or promotes the commercial availability of a product or service for profit or invites recipient to view Internet site operated primarily for commercial purposes; the definition would exclude e-mail from an e-mail service provider if the service provider has an agreement with the recipient allowing the sending of advertisements in exchange for free e-mail service;
2. Add a new definition of "unsolicited commercial e-mail" to exclude any email to a recipient who had given permission to the sender to send such email or who had any business relationship with the sender in the last 5 years, unless the recipient had requested not to receive such emails;
3. Remove from the bill the requirement that unsolicited commercial e-mail include a label in the subject line so that recipients are made aware that the e-mail is an unsolicited commercial e-mail; it proposed to preserve the requirement that a label be included if the email contains material suitable only for adults;
4. Require a person sending commercial e-mail to provide in the e-mail a valid return e-mail address or Internet website through which the recipient may decline further such e-mail but remove from the bill the requirements that the sender provide a U.S. postal address and a toll-free telephone number;
5. Provide that violations of these provisions constitute unfair trade practices enforceable by the Attorney General and also provide for civil actions for injunctive relief and monetary damages of up to \$600 for violations that may be brought by recipients of the e-mails and injunctive relief and monetary damages of up to \$1,000 for violations brought by e-mail service providers;
6. Remove from the bill the provision that would repeal the law upon enactment of federal law on unsolicited commercial e-mail; and
7. Provide that an e-mail service provider is not liable for any commercial e-mail it didn't initiate.

Senate Amendment "A" to Committee Amendment "A" (S-520) proposed to amend the committee amendment with a net effect substantively identical to Senate Amendment "A" (S-584), except that it did not propose to increase the monetary damages in civil actions brought by recipients of emails from \$500, as proposed in the committee amendment, to \$600, as proposed in Senate Amendment "A" (S-584).

LD 2073 proposed to amend the charter of the Portland Water District to reapportion the 11 trustees among the 10 member communities based on 2000 census data. The reapportionment would be phased in as the terms of current trustees expire beginning in November 2002.

Joint Standing Committee on Utilities and Energy

Committee Amendment "A" (H-818) proposed to make further changes to the charter of the Portland Water District relating to the timing and manner of trustee elections to make them consistent with the reapportionment of the district's trustees and to add clarifying language to the portion of the bill dealing with transition.

House Amendment "A" (H-893) This amendment proposed replace the bill with new provisions to require the Public Utilities Commission to develop a plan, to be reviewed by the Legislature, redistricting the representation of the trustees of the Portland Water District based upon water consumption. The number of trustees would remain at 11 but the commission would be required to make recommendations regarding the length of the terms of the trustees. The amendment proposed to require the commission to review the district boundaries for the trustees every 5 years.

LD 2085 was a concept draft pursuant to Joint Rule 208. LD 2085 proposed to facilitate the pending sale of Great Northern Paper, Inc.'s hydroelectric facilities and to provide for economic development in the Katahdin region.

Committee Amendment "A" (S-404), which was the majority report of the committee, proposed to facilitate the pending sale of Great Northern Paper, Inc.'s hydroelectric facilities by allowing Great Northern Paper, Inc. and its successors to transfer to 3rd parties any or all charter rights related to Great Northern Paper, Inc.'s hydroelectric facilities; it also proposed to confirm Great Northern Paper, Inc.'s authority to sell power on the same basis as any other person engaged in the business of selling electricity and to clarify that the purchaser of Great Northern Paper, Inc.'s dams and hydroelectric and related facilities would have that ability. The amendment also proposed to require notification to and an opportunity to meet with the Governor and area Legislators upon the transfer of the hydropower facilities or the facility licenses or the closure of either of the Millinocket mills.

The amendment proposed to require certain payments to be made to the economic development body serving the Katahdin region if, during a defined 15-year period, certain new transmission lines are built and either of the paper mills are closed. The amendment proposed to prohibit any agreement or understanding between the owner of the hydropower facilities and the owner of either paper mill under which the owner of a mill receives revenue from the sale of electricity from the hydropower facilities and there is a paper mill closing for the purpose of allowing or increasing the sale of the electricity from the hydropower facilities to any other purchaser or entity or into the wholesale electric market.
