LD 2185

An Act to Amend Maine State Retirement System Statutes

PUBLIC 699

Committee Report

Amendments Adopted

OTP

LD 2185 proposed two changes in existing law. First, it proposed to amend the definition of “teacher” under the Maine State Retirement System to include a school employee for whom certification by the Department of Education is required whose duties include either (1) the setup, maintenance or upgrading of a school computer system, the purpose of which is to assist in the introduction of new learning to students, or (2) providing school faculty orientation and training related to use of the computer system.

Second, the bill proposed to repeal the current law that provides for reduction in benefits for retirees of participating local districts under the Maine State Retirement System who return to employment in a participating local district covered by the retirement system if they exceed certain earnings limitations. The bill would permit retirees to return to covered service and keep both their pension and their full earnings. Retirees who take advantage of the provisions of the bill would not be eligible to earn additional retirement benefits based on their return to service employment. This bill was similar to Public Law 2001, chapter 442 enacted last year covering state employees and teachers.

Enacted law summary

Public Law 2001, chapter 699 accomplishes 2 purposes. First, it includes within the definition of “teacher” under the Maine State Retirement System a school employee for whom certification by the Department of Education is required whose duties include either (1) the setup, maintenance or upgrading of a school computer system the purpose of which is to assist in the introduction of new learning to students or (2) providing school faculty orientation and training related to use of the computer system.

Second, chapter 699 repeals the current law that provides for reduction in benefits for retirees of participating local districts under the Maine State Retirement System who return to employment in a participating local district covered by the retirement system if they exceed certain earnings limitations. The bill would permit retirees to return to covered service and keep both their pension and their full earnings. Retirees who take advantage of the provisions of the bill would not be eligible to earn additional retirement benefits based on their return to service employment. This part of the bill is similar to Public Law 2001, chapter 442 enacted last year and covering state employees and teachers.
