**120th Legislature**  
**First Regular Session**

**Summary Of Legislation Before The Joint Standing Committees**  
**August 2001**

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet ([www.state.me.us/legis/opla](http://www.state.me.us/legis/opla)).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

## Joint Standing Committee on Marine Resources

amendment proposed to require the commissioners to report back to the joint standing committee of the Legislature having jurisdiction over inland fisheries and wildlife matters and the joint standing committee of the Legislature having jurisdiction over marine resources matters within 90 days of the closure of a fishway on the St. Croix River. It also proposed to add a fiscal note to the bill.

**Committee Amendment "B" (H-434)**, a minority report, proposed to require the Legislative Council, in consultation with the chairs of both the Joint Standing Committee on Inland Fisheries and Wildlife and the Joint Standing Committee on Marine Resources and upon recommendation of the Office of Policy and Legal Analysis, to hire an independent consultant to study the biological and economic issues surrounding the proposed passage of alewives at the Woodland Dam and Grand Falls Dam fishways. The resolve proposed to direct the consultant to work under the auspices of the Office of Policy and Legal Analysis in consultation with numerous interested governmental and private organizations and to report back to the Joint Standing Committee on Inland Fisheries and Wildlife and the Joint Standing Committee on Marine Resources no later than January 1, 2002. The resolve also proposed to appropriate \$50,000 from the General Fund to carry out the purposes of this resolve. The amendment also proposed to add an appropriation section and a fiscal note to the bill

**House Amendment "A" (H-495)** proposed that, by May 1, 2002, the Commissioner of Marine Resources and the Commissioner of Inland Fisheries and Wildlife would ensure that fishways on the Woodland Dam on the St. Croix River were configured or operated in a manner that allowed the passage of no more than 5,000 alewives per year. It also proposed to require the commissioners to ensure that fishways on the Grand Falls Dam on the St. Croix River were configured or operated in a manner that prevented the passage of alewives.

Committee Report  
OTP-AM

Amendments Adopted  
H-157

LD 366 proposed to require the Commissioner of Marine Resources to notify the owners of land that is located within 1,000 feet of the proposed location for an aquaculture lease of any application and notice of hearing for that lease as well as the municipal officers of the affected municipality.

**Committee Amendment "A" (H-157)** proposed to require the applicant to provide the required notice instead of the commissioner. This amendment also required the applicant to provide proof of access to the lease area and, if access would be across riparian land, the applicant would have been required to provide written permission of the riparian owners whose land would have been used to access the lease area. This amendment also added a fiscal note to the bill.

### *Enacted law summary*

Public Law 2001, chapter 122 requires an applicant for a limited-purpose aquaculture lease to notify certain riparian owners of the submittal of an application and notice of hearing for that lease. Chapter 122 also requires the applicant to provide proof of access to the lease area and, if access will be across riparian land, the applicant must provide written permission of the riparian owners whose land will be used to access the lease area.
