121st Maine Legislature First Regular Session

#### Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, <u>History and Final Disposition of Legislative Documents</u>, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

### Joint Standing Committee on Marine Resources

# LD 70Resolve, to Provide for the Effective Implementation of<br/>Anadromous Fish Restoration on the Upper Kennebec River<br/>System

ONTP

Sponsor(s)	Committee Report	Amendments Adopted
FLETCHER	ONTP	
WESTON		

LD 70 proposed to direct the Department of Marine Resources to update and review the current status of the shad and alewives restoration effort on the upper Kennebec River system and to develop a comprehensive plan regarding continued restoration efforts. The resolve proposed to direct the department to conduct an assessment of the impacts and benefits of the reintroduction of anadromous alewives and to hold public information meetings in affected Kennebec River and Sebasticook River communities. The resolve also proposed to require the department to complete its duties under this resolve and report its findings to the Joint Standing Committee on Marine Resources no later than January 15, 2004.

#### LD 81 An Act To Set the Minimum Legal Shell Size for Scallops PUBLIC 63

Sponsor(s)	Committee Report	Amendments Adopted
HONEY	OTP-AM	H-58
LEMONT		

LD 81 proposed to increase the minimum ring size of scallops from 3 1/2 inches in diameter to 4 inches in diameter.

**Committee Amendment "A" (H-58)** proposed to replace the bill and change the title. It proposed that beginning on December 1, 2003, the statewide minimum shell size for scallops would be 3-3/4 inches, and on December 1, 2004 it would increase that minimum size to 4 inches. It would require the immediate release of all scallops that do not meet the size requirements and would provide for prima facie evidence of the possession of illegal scallops. It would also provide the Commissioner of the Department of Marine Resources with the authority to increase the shell size minimum and would make violations of shell size restrictions civil violations.

#### Enacted Law Summary

Public Law 2003, chapter 63 sets a statewide minimum shell size for scallops of 3-3/4 inches beginning on December 1, 2003, and on December 1, 2004 it increases that minimum shell size to 4 inches. It requires the immediate release of all scallops that do not meet the size requirements and provides for prima facie evidence of the possession of illegal scallops. It also authorizes the Commissioner of the Department of Marine Resources, after December 1, 2004, to increase the shell size minimum.
