121st Maine Legislature First Regular Session

Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

An Act to Create a Crime of Refusing an Alcohol Test in Operating-under-the-influence Cases

ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
CARR HATCH PH	ONTP MAJ OTP-AM MIN	

LD 324 proposed to subject a person who failed to submit to mandatory testing to determine whether the person was under the influence of intoxicants to the same penalties as if the person were convicted of operating under the influence. This bill proposed to make a conviction for failure to submit to mandatory testing equivalent to a conviction for operating under the influence of intoxicants. The bill proposed to specify that a person who had no previous OUI offenses and failed to submit to a test at the request of a law enforcement officer would have to be sentenced to at least 48 hours of incarceration, which is the same mandatory penalty that is imposed for a person convicted of a first OUI offense. This bill also proposed to remove the enhanced penalties for a refusing to submit to testing since such refusal would have been a separate offense.

Committee Amendment "A" (H-314) proposed to replace the bill and was the minority report of the Joint Standing Committee on Criminal Justice and Public Safety. The amendment proposed to create a new Class D crime of failure to submit to a chemical test. A person would commit this new crime if a law enforcement officer had probable cause to believe that person had operated a motor vehicle while under the influence of intoxicants; the law enforcement officer had warned the person of the consequences of failing to submit to a chemical test pursuant to Title 29-A, section 2521, subsection 3; and the person in fact failed to submit to and complete a chemical test to determine blood-alcohol level and drug concentration by analysis of blood, breath or urine. The amendment proposed that a person who was convicted of failure to submit to a chemical test would be subject to the same mandatory penalties as a person convicted of criminal OUI under Title 29-A, section 2411.
