121st Maine Legislature First Regular Session

Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

ONTP

<u>Sponsor(s)</u> SUSLOVIC		<u>Committee Report</u> ONTP		<u>Amendments Adopted</u>
-------------------------------	--	---------------------------------	--	---------------------------

LD 395 proposed to outline how a municipality may adopt a growth rate ordinance. The bill proposed that temporary growth rate ordinances could be enacted only to slow development while a community works toward solving the problems necessitating the growth rate ordinance. It also proposed that an ongoing growth rate ordinance could be enacted only as part of an integrated growth management strategy and also could be used in designated rural areas as a mechanism to guide growth within a community. The bill also proposed to clarify that a municipality with a comprehensive plan could implement a growth rate ordinance that applies only to designated rural areas.
