121st Maine Legislature First Regular Session

Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Joint Standing Committee on Insurance and Financial Services

Committee Amendment "A" (H-116) proposed to replace the bill. The amendment proposed to retain the general requirement that carriers make credentialing decisions within 60 days of receiving a completed application from a provider, but allows a carrier to extend the period for up to another 120 days upon written notice to the provider if information within the application needs verification. It requires carriers to review the application and return it once for all corrections and clarifies that the application is not complete until all corrections are made. The amendment also removes the provision making credentialing decisions retroactive to the date the carrier received the completed application. The amendment gives authority to the Department of Professional and Financial Regulation, Bureau of Insurance to amend its rules to conform to these requirements.

Enacted Law Summary

Public Law 2003, chapter 108 requires health insurance carriers to make credentialing decisions within 60 days of receiving a completed application from a provider, but allows a carrier to extend the period for up to another 120 days upon written notice to the provider if information within the application needs verification.
