Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla/billsumm.htm).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

The amendment proposed to refine the definition of "youth in need of services" to include in the definition a child who is abusing alcohol or drugs and is at risk of serious harm as a result. The amendment proposed to require the Department of Human Services to include in its annual report on youth in need of services information on the number and characteristics of youth who refuse services and to share that information with the Department of Behavioral and Developmental Services, Office of Substance Abuse. The amendment proposed to require the Office of Substance Abuse to increase training for substance abuse services providers and Youth in Need of Services Program providers in methods to engage reluctant youth; to create incentives for providers to increase recruitment and retention of reluctant adolescent clients; to provide information to help providers increase services for parents of adolescent clients; to conduct outreach and education to help parents of children who are abusing drugs to locate resources; and to report by October 1, 2004 to the Joint Standing Committee on Health and Human Services.
