121st Maine Legislature First Regular Session

Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 1042 proposed to increase the maximum amount that the commission may assess utilities to fund the commission's operations. LD 1042 also proposed to allow the Public Utilities Commission to use unexpended funds remaining at the end of the prior year.

Committee Amendment "A" (H-319), which was the majority report of the Joint Standing Committee on Utilities and Energy, proposed to replace the bill and amend the title to reflect the content of the amendment. This amendment proposed to do the following:

1. Authorize the Public Utilities Commission to assess public utilities to fund the commission's budget on a going forward basis at the same rate as was authorized for the 2004 fiscal year;
2. Authorize the Public Utilities Commission and the Public Advocate to carry forward 100% of unspent funds at the end of fiscal years 2003 and 2004;
3. Direct the Public Utilities Commission to report to the Joint Standing Committee on Utilities and Energy by January 1, 2004 its activities for the prior fiscal year and its evaluation of the adequacy of the assessment and the appropriateness of the current apportionment of the assessment among utilities; and
4. Authorize the Joint Standing Committee on Utilities and Energy to report out legislation relating to the Public Utilities Commission assessment to the Second Regular Session of the 121st Legislature.
