121st Maine Legislature First Regular Session

Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 1208**An Act To Provide Property Tax Relief to Maine Citizens Who Meet Certain Guidelines****ONTP**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
ANDREWS LEMONT	ONTP	

LD 1208 proposed to require a municipality to establish a municipal property tax deferral program. The program would have allowed a resident who was at least 65 years of age and whose annual income was not more than 300% of the poverty level to pay property taxes on that person's residential property at the rate that was in effect on that person's 65th birthday. The assessment would remain at that level until the residence was sold or transferred or the person elected to stop participating in the program. At that time, all property taxes assessed on the property but deferred because of participation in the program would have to be paid to the municipality.

In order to offset the temporary loss of revenue caused by persons participating in the program, the municipality could, upon approval of its voters, impose an additional assessment upon residential property. The revenue from the additional assessment would be kept in a dedicated escrow account and used solely for the purpose of offsetting the loss of revenue.
