121st Maine Legislature First Regular Session

Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 1248

An Act Concerning Disability Retirement Benefits under the Maine State Retirement System

PUBLIC 328

<u>Sponsor(s)</u> DUNLAP CATHCART	<u>Committee Report</u> OTP-AM	<u>Amendments Adopted</u> H-355
---	-----------------------------------	------------------------------------

LD 1248 proposed to change the formula used for reducing the disability retirement benefit for a person who is a member in a Participating Local District under the Maine State Retirement System, when the disability retiree also collects a benefit under either or both the United States Social Security System or workers' compensation laws. It proposed to limit the total of benefits collected to 80% of all wages and earnings, not just 80% of wages and earnings from employment covered by the retirement system.

Committee Amendment "A" (H-355) proposed to clarify that, in calculating the reduction in the disability retirement benefit, the only other wages and earnings taken into account are from employment.

Enacted Law Summary

Public Law 2003, chapter 328 changes the formula for reducing a disability retirement benefit in Participating Local Districts of the Maine State Retirement System in situations in which the disability retiree collects benefits under either or both the United States Social Security System or workers' compensation laws as well as receiving a benefit under the retirement system. Under current law, the retirement system benefit in such cases is reduced to an amount that, added to the Social Security or workers' compensation benefits, does not exceed 80% of the disability retiree's average final compensation from employment covered by the state retirement system. P.L. 2003, chapter 328 changes the formula in Participating Local Districts so that the 80% reduction is based on the retiree's total wages and compensation from all employment, not just employment covered by the retirement system.

LD 1277

An Act To Allow a Retiree Eligible for State-paid Health Insurance Coverage To Decline Coverage and Reenroll at a Later Date

PUBLIC 214

<u>Sponsor(s)</u> WESTON	<u>Committee Report</u> OTP-AM	<u>Amendments Adopted</u> S-102
-----------------------------	-----------------------------------	------------------------------------

LD 1277 proposed to allow a retiree who is eligible for health insurance at the time of retirement to decline coverage for some period of time and then reenroll in the program at a later date without penalty.

Committee Amendment "A" (S-102) proposed to clarify the timing of an election to withdraw from the state health insurance plan and to preserve the option of reenrolling. A person may elect to decline health insurance coverage at the time of retirement and retain the option to reenroll pursuant to the provisions of this new law, or a person may elect to withdraw from health coverage at any time after retirement, provided the person had elected at the time of retirement to be covered by the state health insurance plan. It also proposed to clarify the conditions under which the spouse or dependent of a retiree may enroll in the state health insurance plan.
