121st Maine Legislature First Regular Session

Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

**RESOLVE 79

ADAMS MARTIN	OTP-AM	H-207

LD 1271 proposed to require the Department of Environmental Protection to define boundaries of certain waters in Casco Bay, including Portland Harbor and the Fore River estuary, as no-discharge zones for the purposes of application under the federal Clean Water Act and to adopt rules prohibiting the discharge of gray water from vessels in those zones.

Committee Amendment "A" (H-207) proposed to replace the resolve. The amendment proposed to require the Department of Environmental Protection to convene a stakeholder group and to develop a recommended plan for prohibiting or regulating the discharge of sewage and gray water from vessels into the coastal waters of the State. The amendment proposed to require the department to submit the recommended plan to the Joint Standing Committee on Natural Resources by November 1, 2003. The amendment also proposed to add an emergency preamble and an emergency clause.
