121st Maine Legislature First Regular Session

Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 1293 proposed to ensure enhanced reimbursement that is essential to the long-term care industry.

This bill also proposed to allow nursing facilities to use their own fiscal years for purposes of the health care provider tax. It proposed to prescribe reimbursement reforms for nursing homes and residential care facilities. It proposed to make a technical correction in the definition of "annual net operating revenue." It proposed to introduce reasonable flexibility into the tax estimation and reconciliation processes for the provider tax. It proposed to create a special revenue account for the proceeds of the new provider tax. The bill would apply retroactively to July 1, 2002.

Committee Amendment "A" (S-220) proposed to remove from the bill the provisions that would have dedicated most of the health care provider tax revenues to long-term care purposes. It proposed to correct language regarding auditing and accounting procedures. The amendment proposed to authorize the Joint Standing Committee on Health and Human Services to report out a bill on long-term care financing to the Second Regular Session of the 121st Legislature.

Enacted Law Summary

It authorizes the Health and Human Services Committee to consider long-term care financing, including dedication of the health care provider tax and statutory requirements for enhanced reimbursement levels and to report out a bill to the Second Regular Session of the 121st Legislature.
