### 121st Maine Legislature First Regular Session

#### Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet ([www.state.me.us/legis/opla](http://www.state.me.us/legis/opla)).

Committee Report

Amendments Adopted

LD 1354, which was carried over to the Second Regular Session, proposes to allow operation of video gaming terminals by nonprofit organizations that are eligible for games of chance licenses and that are exempt from federal tax under Internal Revenue Code, Section 501(c)(3), 501(c)(4), 501(c)(8), 501(c)(10) or 501(c)(19). These sections of the tax code refer to charitable organizations, civic leagues, fraternal benefit societies, domestic fraternal societies and associations and veterans' organizations. Under this bill, organizations that currently have licenses for electronic video machines but do not qualify under one of those code sections would be able to apply for an initial license while they seek the required federal tax status. The organization applying for the license would be required to own or lease the premises on which the terminals would be placed and would be required to use the premises for its charitable or nonprofit purpose.

As proposed by this bill, video gaming terminal manufacturers, wholesalers and operators would be required to be licensed by the Chief of the State Police, following background investigations of the applicants and their major business partners. Local approval would be required for a license to operate video gaming terminals.

As proposed by this bill, the license specifies the number of terminals allowed on the premises, and the maximum number of terminals allowed would be 5 per licensee. Terminals would be required to be licensed by the Chief of the State Police and would be required to be connected to a computer system operated by the Director of the Bureau of Alcoholic Beverages and Lottery Operations within the Department of Administrative and Financial Services.
