121st Maine Legislature First Regular Session

Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

7. Allow an action to be brought against a telemarketer by the Attorney General, by a state agency that licenses the telemarketer, or by the affected consumer. A violation would be punishable by a civil penalty or administrative penalty of up to \$3,000 for each violation;
8. Require the Attorney General to report to the Legislature every 2 years regarding the Maine no-contact list, complaints and enforcement actions and any suggested changes for improving the regulation of telemarketing; and
9. Restrict unsolicited commercial e-mail, defined as e-mail that is sent for the purpose of advertising or conveying information about real property, goods or services or extending credit or soliciting contributions, by requiring the e-mail to contain a valid toll-free telephone number, physical postal address and a return e-mail address maintained by the sender to which the recipient may respond indicating that the recipient does not wish to receive further unsolicited commercial e-mail from the sender. The restriction would not apply to e-mail sent to persons with whom the sender has a prior relationship or who have requested the information from the sender. Unsolicited commercial e-mail would need to include in the subject line a label, as specified, so that recipients are made aware of the nature of the e-mail. Each unsolicited commercial e-mail sent to a recipient in violation would be considered an unfair trade practice. (see LDs 255 and 1317.)
