121st Maine Legislature First Regular Session

Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

LD 1511 proposed to make 3 technical changes in the Maine Revised Statutes, Title 22, chapter 263, subchapter 3, the tobacco manufacturers laws, which is the law the State adopted to ensure payments under the 1998 multistate legal settlement with tobacco companies.

Enacted Law Summary

Public Law 2003, chapter 435 makes 3 technical changes in the Maine Revised Statutes, Title 22, chapter 263, subchapter 3, the tobacco manufacturers laws, which is the law the State adopted to ensure payments under the 1998 multistate legal settlement with tobacco companies. First, it delegates the rule-making authority under the law to the Attorney General. Second, it changes the way allocable share releases from escrow are calculated for tobacco manufacturers who do not participate in the master settlement agreement. Third, it provides that, in the event the new method is found unconstitutional by a court and the statute, without an allocable share provision is found to be unconstitutional, the statute reverts to the form it was in prior to the changes made by this chapter.
