121st Maine Legislature First Regular Session

Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, <u>History and Final Disposition of Legislative Documents</u>, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 1582

An Act To Protect Critical Homeland Security Information and Information Technology Infrastructure and Systems

PUBLIC 392

Sponsor(s)	Committee Report	Amendments Adopted
ROTUNDO	OTP-AM	S-190

LD 1582 proposed to add an exception to the definition of "public records" in the freedom of access laws that would protect information concerning the security, access to and integrity of information technology systems, information technology plans related to homeland security and operating procedures of agencies of State Government and local government.

Committee Amendment "A" (S-190) proposed to delete the substantive changes to the Maine Revised Statutes, Title 1, section 402, subsection 3, paragraph L proposed in the bill because the current law already covers information technology systems in the context of preventing or preparing for acts of terrorism.

This amendment proposed to change the language for a new category of records and information that are not public records: records or information that describes the architecture, design, access authorization, encryption or security of information technology infrastructure and systems.
