Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla/billsumm.htm).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

Committee Report

Amendments Adopted

LD 1708 proposed to permit a landowner to:

1. Require that an operator of an ATV on a private road be a licensed driver;
2. Require that an operator of an ATV on a private road obey all the applicable rules of the road that other motor vehicles on that private road must obey, including, but not limited to, speed limits, rules governing lane usage and rules governing yielding the right-of-way; and
3. Place restrictions on the number of ATVs that may travel together in a group and the distance that groups must maintain between one another.

It also proposed to provide that if a landowner prohibits the operation of ATVs on a private road that landowner also must prohibit the operation of similar recreational vehicles on that private road.
