*Summary Of Legislation Before The Joint Standing Committees*

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet ([www.state.me.us/legis/opla/billsumm.htm](http://www.state.me.us/legis/opla/billsumm.htm)).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

- CON RES XXX..... Chapter # of Constitutional Resolution passed by both Houses
- CONF CMTE UNABLE TO AGREE ..... Committee of Conference unable to agree; bill died
- DIED BETWEEN BODIES..... House & Senate disagree; bill died

## *Joint Standing Committee on Business, Research and Economic Development*

**Committee Amendment "A" (S-431)** proposed to clarify that local water districts are exempt from boiler inspection requirements in the same manner as schools and municipally owned buildings, and to make a technical correction.

### *Enacted Law Summary*

Public Law 2003, chapter 597 eliminates the statutory requirement that steam boilers not exceeding 15 pounds per square inch or hot water and hot water supply boilers not exceeding 160 pounds per square inch or 250 degrees Fahrenheit owned by schools and municipalities be operated by licensed boiler operators. The law also eliminates the distinction between the two types of boiler operator's licenses, combining them into one boiler operator's license, and clarifies that local water districts are exempt from boiler inspection requirements in the same manner as schools and municipally owned buildings.
