121st Maine Legislature Second Regular Session and Second Special Session

Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, <u>History and Final Disposition of Legislative Documents</u>, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla/billsumm.htm).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

LD 1900An Act To Implement the Recommendations of the CommunityPUBLIC 641Preservation Advisory Committee Regarding the State PlanningEMERGENCYOffice's Review of Growth Management ProgramsEMERGENCY

Sponsor(s)Committee Report
OTP-AMAmendments AdoptedOTP-AMAS-461OTP-AMBOTP-AMOTP-AMCS

LD 1900 proposed to:

- 1. Clarify that growth management related financial aid contracts are allowed to extend beyond a single fiscal year;
- 2. Clarify that floodplain ordinances that comply with the Federal Flood Insurance Program are exempt from the requirement that ordinances must be consistent with a comprehensive plan;
- 3. Clarify that the term "under this subchapter" means consistency with the procedures, goals and guidelines established in the growth management law;
- 4. Provide that a comprehensive plan is valid for 15 years;
- 5. Amend notice requirements for follow-up public hearings that are held as a result of comments made at an initial public hearing;
- 6. Provide that the Executive Department, State Planning Office, if requested, may review certain ordinances to determine whether they are consistent with a comprehensive plan without requiring submission of all elements of a growth management program; and
- 7. Provide that an affirmative finding of consistency by the State Planning Office is required for a municipality to assert jurisdiction regarding state investments.

Committee Amendment "A" (S-461) was the majority report. It proposed that notice for any follow-up hearing concerning a proposed comprehensive plan for a municipality or multimunicipal region must be given as provided for in the Maine Revised Statutes, Title 1, section 406. It proposed to delete the requirement from the bill that a copy of proposed changes to a comprehensive plan must be available for public inspection at least 7 days prior to any follow-up hearing on the plan. It proposed to delete the requirement from the bill that a comprehensive plan is valid for 15 years. It also proposed to delete the provision in the bill that the State Planning Office makes the determination as to whether a zoning ordinance is consistent with a comprehensive plan for purposes of certain state development projects.

Committee Amendment ''B'' (S-462) was a minority report. It proposed to provide that only an initial public hearing on a proposed comprehensive plan must be posted at least 30 days before the hearing and that notice for

any follow-up hearing must be given as provided for in the Maine Revised Statutes, Title 1, section 406. It proposed to delete the requirement from the bill that a comprehensive plan is valid for 15 years. It also proposed to delete the provision in the bill that the State Planning Office makes the determination as to whether a zoning ordinance is consistent with a comprehensive plan for purposes of certain state development projects. The difference between this report and the majority report is that this report did not propose to delete the requirement from the bill that a comprehensive plan must be available for public inspection at least 7 days prior to any follow-up hearing on the plan. This amendment was not adopted.

Committee Amendment ''C'' (S-463) was a minority report. The amendment proposed to delete the requirement from the bill that a copy of proposed changes to a comprehensive plan must be available for public inspection at least 7 days prior to any follow-up hearing on the plan. It proposed to delete the requirement from the bill that a comprehensive plan is valid for 15 years. It also proposed to delete the provision in the bill that the State Planning Office makes the determination as to whether a zoning ordinance is consistent with a comprehensive plan for purposes of certain state development projects. The difference between this report and the majority report is that this report did not propose to change the law requiring public hearings on proposed comprehensive plans. This amendment was not adopted.

Enacted Law Summary

Public Law 2003, chapter 641 clarifies that growth management related financial aid contracts are allowed to extend beyond a single fiscal year. It clarifies that floodplain ordinances that comply with the Federal Flood Insurance Program are exempt from the requirement that ordinances must be consistent with a comprehensive plan. It clarifies that the term "under this subchapter" means consistency with the procedures, goals and guidelines established in the growth management law. It amends notice requirements for follow-up public hearings that are held as a result of comments made at an initial public hearing. It provides that the Executive Department, State Planning Office, if requested, may review certain ordinances to determine whether they are consistent with a comprehensive plan without requiring submission of all elements of a growth management program.

Public Law 2003, chapter 641 was enacted as an emergency measure effective April 14, 2004.

An Act To Protect Health and the Environment by Improving the System for the Collection and Recovery of Mercury-added Thermostats

Amondmonts Adopted

Sponsor(s)Committee Report
OTP-AMAmendments Adopted
H-806

LD 1901 proposed to require manufacturers of mercury-added thermostats sold in the State to participate in a collection and recycling program that includes establishing 100 collection centers in the State. The bill also proposed to require manufacturers of mercury-added thermostats sold in the State to annually report to the Department of Environmental Protection on the progress of the collection and recycling program. The bill also proposed to set a goal of collecting and recycling at least 90% of all mercury-added thermostats removed from buildings and set an interim target for removal of 100 pounds of mercury by December 31, 2005. Finally, the bill proposed to direct the Department of Environmental Protection to submit a report on the effectiveness of the collection and recycling program to the joint standing committee of the Legislature having jurisdiction over natural
