122nd Maine Legislature Second Regular Session

Summary of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla/billsumm.htm).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

Joint Standing Committee on Criminal Justice and Public Safety

LD 10 Resolve, To Fund a Study Regarding Health Care for Maine's Firefighters

DIED ON ADJOURNMENT

Sponsor(s) Committee Report OTP-AM MAJ H-723
ONTP MIN

LD 10 proposed to appropriate \$75,000 to the Maine Fire Protection Services Commission to contract for services to conduct a study regarding the provision of health care benefits to firefighters in this State.

LD 10 was carried over by H.P. 1203 to the next regular or special session of the 122nd Legislature. The Maine Fire Protection Services Commission, with the help of the Department of Administrative and Financial Services, Bureau of Health Insurance, was directed to work on the bill during that interim.

Committee Amendment "A" (H-723) was the majority report of the Criminal Justice and Public Safety Committee. The amendment proposed to amend the resolve to provide funding in fiscal year 2006-07 to the Maine Fire Protection Services Commission to conduct a study regarding the provision of health care benefits to firefighters in this State. Committee Amendment "A" was never removed from the Special Appropriations Table and died on adjournment.

LD 17 An Act To Ensure Fair Reimbursement for the Medical Care Provided to State Inmates

DIED ON ADJOURNMENT

| Sponsor(s) | Committee Report | | Amendments Adopted |
|-------------|------------------|-----|--------------------|
| RECTOR | OTP-AM | MAJ | _ |
| SNOWE-MELLO | ONTP | MIN | |

LD 17 proposed to repeal the language that established MaineCare rates as the reimbursement rate for medical services provided to state inmates outside of correctional or detention facilities. By repealing this section, the bill proposed to require the State or its contracted medical provider to negotiate fair reimbursement rates for medical care provided to state inmates.

Committee Amendment "A" (H-118) proposed to replace the bill and was the majority report of the Joint Standing Committee on Criminal Justice and Public Safety. The amendment proposed to limit the damages that could be awarded against a medical service provider on a tort claim arising out of the provision of medical services to a person being held in a state, county or municipal correctional or detention facility and would have applied to services provided inside the facility and outside the facility. This amendment would have been analogous to the provisions limiting damages awards against governmental employees and entities found in the Maine Tort Claims Act, including a provision that would make its limits applicable to wrongful death actions. The amendment also proposed to provide that the Maine Health Security Act's provisions, including those governing the mandatory prelitigation screening process, continue to apply.

The amendment also proposed to require that a payment for a medical service provided to a person residing in a Department of Corrections facility that is provided outside the facility and for which the department or its
