Summary of Legislation Considered by the Joint Standing Committees
August 2005

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. A subject index for each committee is included immediately before the bill summaries for that committee, and a numerical index by LD number is included at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 231

An Act To Provide for Registration of Certain Snowmobile Trail-grooming Equipment

PUBLIC 93

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
TRAHAN	OTP-AM	H-157

LD 231 proposed to establish a registration fee for certain snowmobile trail-grooming equipment.

Committee Amendment "A" (H-157) proposed to replace the bill and prohibit the use of snowmobile trail-grooming equipment on snowmobile trails unless that equipment is registered. It proposed to define "trail-grooming equipment" and limits those eligible to register trail-grooming equipment to organizations that have an approved contract with the Department of Conservation or a person who can show proof of membership in such an organization. This amendment would also establish a one-time registration fee of \$33 and provide that revenue from the registration of trail-grooming equipment be allocated in the same manner as revenue from snowmobile registrations. It also proposed to provide an exception to the registration requirement, under certain conditions, for landowners, commercial ski areas and federal, state and local governmental units. Finally, the amendment would make it a civil violation to fraudulently obtain a trail-grooming equipment registration or to operate unregistered trail-grooming equipment on a snowmobile trail.
