122nd Maine Legislature Second Regular Session

Summary of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla/billsumm.htm).

Joint Standing Committee on Taxation

Committee Amendment “A” (H-530) proposed to provide new minimum taxability thresholds for nonresidents. The new thresholds permit greater income-earning activity by nonresidents in the State before Maine income tax liability is triggered. Personal services performed as an employee would be subject to tax if they were performed for more than 12 days and produced more than \$3,000 in income. Income from contractual or sales-related activities would be subject to tax if it exceeded \$3,000 during a year. The amendment also proposed to exclude from the determination of taxability in the State up to 24 days of personal services related to certain training and management functions.

This bill and its adopted amendment were carried over on the Special Appropriations Table by S.P. 640 to the next special or regular session of the 122nd Legislature and died on adjournment of the Second Regular Session.

Committee Amendment “A” (S-101) proposed to replace the bill and extend the current sales and use tax exemption for certain clean fuel vehicles to January 1, 2010.

This bill and its adopted amendment were carried over on the Special Appropriations Table by S.P. 640 to the next special or regular session of the 122nd Legislature and died on adjournment of the Second Regular Session.
