Summary of Legislation Considered by the Joint Standing Committees
August 2005

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. A subject index for each committee is included immediately before the bill summaries for that committee, and a numerical index by LD number is included at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MILLS P	ONTP	

LD 540 proposed to resolve conflicts and uncertainties about payment of interest on overdue workers' compensation benefits. Current law identifies 2 different rates: 10% and 6%. The bill proposed to implement for workers' compensation cases a single rate of one percent per month and to give a grace period for the month in which each benefit first accrues. The bill also proposed to make clear that the same rate would apply to both medical bills and wage benefits included within the award, and to apply this uniform method of calculation prospectively to all workers' compensation obligations newly arising after the effective date of the bill, and to old injuries as well as new.

The bill further proposed to simplify the calculation process. Because both wage and medical benefits accrue in small increments, usually from week to week, calculating interest on each installment separately is difficult and
