### 122nd Maine Legislature Second Regular Session

#### Summary of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet ([www.state.me.us/legis/opla/billsumm.htm](http://www.state.me.us/legis/opla/billsumm.htm)).

**LD 637**

**Resolve, To Address the Telecommunications Needs of Federally Qualified Health Centers**

**RESOLVE 141**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
BLISS BARTLETT	ONTP MAJ OTP-AM MIN	H-740

LD 637, which was carried forward from the First Regular Session, proposed to add “qualified health centers” to the entities eligible to receive funding from the telecommunications education access fund (MTEAF). The MTEAF funds would be available to fund the telecommunications services needed to support electronic health records and telemedicine in medically underserved areas.

The committee, by letter dated June 1, 2005, requested that the Public Utilities Commission examine the issues raised by the bill. In a report dated December 19, 2005, the commission supplied to the committee its findings and recommendations on the matter.

**Committee Amendment “A” (H-740)**, which was the minority report of the committee, proposed to replace the bill with a resolve. The amendment proposed to direct the Public Utilities Commission to allocate \$75,000 from the state universal service fund to hire a consultant to conduct a needs assessment and to assist federally qualified health centers in applying for funds from the federal Universal Service Fund to meet their telecommunications services needs. The amendment proposed to require the Public Utilities Commission to report, no later than March 1, 2007, to the joint standing committee of the Legislature having jurisdiction over telecommunications matters on the results of the needs assessment and applications for federal funds. The amendment proposed to authorize the committee to report out a bill on this subject to the First Regular Session of the 123rd Legislature after review of the report.

The chairs of the committee sent a letter to the Public Utilities Commission in anticipation of the passage of the bill as amended by the minority report; the letter indicated the chairs’ expectation that the commission would work with federally qualified health centers (FQHCs) to find an appropriate means by which FQHCs that receive funds from the federal Universal Service Fund would reimburse the state universal service fund.
