First Regular Session and First Special Session

Summary of Legislation Considered by the Joint Standing Committees
August 2005

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. A subject index for each committee is included immediately before the bill summaries for that committee, and a numerical index by LD number is included at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

## Joint Standing Committee on Legal and Veterans' Affairs

**Committee Amendment "A" (H-453)** proposed to provide that the Secretary of State is not required to ensure that a paper audit trail function is included on voting machines purchased for disabled access in compliance with the federal Help America Vote Act of 2002 if the machines are determined inadequate to meet all the requirements for voting machines provided in current law.

**Committee Amendment "B" (H-454)** incorporated a fiscal note.

**House Amendment "A" to Committee Amendment "A" (H-508)** proposed to clarify that except for accessible voting equipment that must be provided by 2006 in compliance with the federal Help America Vote Act of 2002, voting machines must include a paper audit trail function.

### *Enacted law summary*

Current law requires the Secretary of State to provide voting machines equipped for individuals with disabilities, such as direct recording electronic voting machines. These machines are exempt from the requirement placed on other voting machines that they produce a paper record that allows a voter to verify a vote before it is cast.

Public Law 2005, chapter 445 removes that exemption, but provides that the Secretary of State is not required to ensure that a paper audit trail function is included on voting machines purchased for disabled access in compliance with the federal Help America Vote Act of 2002 if the machines are determined inadequate to meet all the requirements for voting machines provided in current law. Chapter 445 also clarifies that except for accessible voting equipment that must be provided by 2006 in compliance with the federal Help America Vote Act of 2002, voting machines must include a paper audit trail function.

Amendments Adopted

LD 1033 proposed a voting system utilizing cross-endorsement, which is the practice of multiple parties or political designations nominating the same candidate. It proposed to eliminate the current rules requiring enrollment in a political party in order to be a candidate for that party's nomination. It also proposed to require the Secretary of State to list on the ballot a candidate nominated by multiple parties or political designations once for each party or political designation. The bill would also prevent overvotes, when a voter marks the same candidate's name multiple times, from invalidating the vote.
