Summary of Legislation Considered by the Joint Standing Committees
August 2005

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. A subject index for each committee is included immediately before the bill summaries for that committee, and a numerical index by LD number is included at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Joint Standing Committee on Inland Fisheries and Wildlife

stock fish in native brook trout water and makes the use or possession of live bait fish on such a lake or pond a Class E crime. Finally, the amendment would recognize the eastern brook trout as a Maine heritage fish.

Enacted law summary

Public Law 2005, chapter 180 recognizes the eastern brook trout as a Maine heritage fish and directs the Commissioner of Inland Fisheries and Wildlife to adopt by major substantive rule a list of lakes and ponds identified as native brook trout waters that have never been stocked. It authorizes the commissioner to add bodies of water to the initial list of native brook trout waters by routine technical rule if that body of water meets criteria established by the commissioner. It also provides that the commissioner may remove a lake or pond from the list by major substantive rule. Public Law 2005, chapter 180 prohibits the commissioner from stocking or issue a permit to stock fish in native brook trout waters and makes the use or possession of live bait fish on such a lake or pond a Class E crime.
